

## 120w Portable Solar Panel

With years of experience in production 120w Portable Solar Panel, Ningbo Taurus Industry Co., Ltd. can supply a wide range of 120w Portable Solar Panel. High quality 120w Portable Solar Panel can meet many applications, if you need, please get our online timely service about 120w Portable Solar Panel. In addition to the product list below, you can also customize your own unique 120w Portable Solar Panel according to your specific needs. 120w portable solar panel with integrated high density monocrystalline solar panel with ETFE polymer integrated housing and IPX4 waterproof.

As the professional manufacture, we would like to provide you 120w portable solar panel. And we will offer you the best after-sale service and timely delivery. 120w portable solar panel with integrated high density monocrystalline solar panel with ETFE polymer integrated housing and IPX4 waterproof. Folding solar panel 120W for solar system, custom specifications such as: 200W 250W 260W and other specifications, industrial grade monocrystalline silicon solar panel supplier, portable outdoor solar panel for power station and solar storage system (inverter + battery), etc.

## Product Parameter (Specification)

Model:	120W
Interface:	Mc4
Output:	19.44V 6.17A(120W Max)
Solar Cell:	Monocrystalline
Waterproof grade:	IP65
Craftsmanship:	One-piece molding
Folded Size:	505x423x25mm
Unfolded Size:	1548x505x4mm

Weight:	6KG
Warranty:	12 month

## Product Feature And Application

### Application

#### High Energy Conversion

Uses the upgraded high-density monocrystalline silicon solar panels convert up to 23%. Tap into the sun's radiance and power your devices anywhere

#### Powerful DC Output

Equipped with DC 120W output it can also charge car batteries and accumulators plus the wide compatibility of the ports enough to meet your charging needs in the outdoors.

#### Durable Design

The canvas surface and precision stitching withstand rugged for outdoor use. The ETFE polymer cover that guarantees IPX4 waterproof level protection will make the panels resistant to water and even dust.

#### Safe Charging Protection

Built-in smart chip smart identification of your devices and different devices to provide the best charging speed. 100% safe charging, with overcharge, overheating, short circuit protection.
